

Gear Library Borrowers Policies

Outdoor Leadership Training from Washington Trails Association

Reimbursement Policies

If items borrowed from a Washington Trails Association (WTA) Gear Library are lost or damaged due to negligence, the borrower or their organization is responsible for reimbursing WTA. If borrowed items are missing, borrowers will have two weeks to locate and return those items. Examples of damage due to negligence include but are not limited to, burned paneling on tents from being pitched too close to a fire or gear being misused causing irreparable damage.

Reimbursements will be estimated by the current market value of the gear as shown in the table below. We recognize that our gear is being utilized throughout the year. Depending on how long an item has been in our inventory and how much it has been used, the condition of our gear is rated on a scale from “like new” to “used.” We charge a discounted rate (50% to 75% of the current market value) to estimate our reimbursement cost. Additionally, we also factor in tax and shipping fees into these rates. A borrower or organization may opt to directly replace an item with a similar item if approved by WTA staff. If an item is lost or damaged and is not included below, WTA will calculate the cost to replace the item.

All invoices will be charged a 10% processing fee which will be used to cover the cost of processing invoices. A \$10 reimbursement fee will be charged if the estimated value of the gear is less than \$10.

Cleaning Fee		Reimbursement Cost	
<i>A cleaning fee will be charged if the gear is returned in poor condition and requires additional cleaning by WTA staff. This includes but is not limited to, tents being returned wet or clothing being returned unwashed.</i>		\$150
